by BEAUTY NEWS STAFF

There's something here for *everyone* in this holiday roundup to inspire gifts for the very tough-to-buy-for:

Leather Luxury

Aranyani brand has exquisite purses, and now will be offering a special edition leather and red onyx bracelet too. Aranyani designed this bracelet to symbolize the way forward from darkness into light, for India's Diwali celebrations. Red onyx has been used since ancient times to 'protect and empower' its wearer. It is also known for possessing the power to heal, provide strength, and support in difficult and confusing times (Hello? 2020!) and to relieve stress. The bracelet is available in off-white, camel, and light blue (\$140). Peruse the various bracelets at <https://aranyani.com/collections/bracelets>.
